Subject: Re: Ship Disposal

Sorry, Michael, for the delay in responding -- there's just a lot going on over here. (What ever happened to August being a slow month?) Anyway, I want to get back to you on several items:

1) You asked me for a contact for your Congressional relations office. I suggest Don McKinnon, who can be reached at 564-1758.

that it would greatly help her to pin down a schedule as soon as we can, because she is juggling other work and education commitments.

Also, Laura said

still waiting on schedule

-ye

Exemption 5 - Deliberative Process Privilege

yes

5) Finally, Curt -- we sent you in the mail some forms for reimbursement of travel expenditures, with a few places highlighted where we need MARAD to fill in information. We look forward to your response on that one.

*Awarding one ship → ISL } 3 → Bay Bridge - Norfolk
1 → ESCO } Brownsville*

Thanks.

Subject: Ship Disposal

Elliott: Haven't heard back from you regarding our telephone call last week. Wanted to let you know that Carolyn met with Laura and went over the PCB sampling that we did and things looked good. Also wanted to bring up a new issue for you to consider.
